

## GambleAware Annual Conference 2021

### Call for Proposals

The theme for GambleAware's 9<sup>th</sup> Annual Conference is **'Collaboration in the Prevention of Gambling Harms'**.

In keeping with the theme of collaboration, GambleAware is inviting individuals, organisations and networks to submit a proposal to contribute and present at the conference on Wednesday 8<sup>th</sup> December 2021.

GambleAware's ambition is to create a varied and engaging agenda, by allowing others to help shape the programme and share their learnings with a diverse audience. To achieve this, the charity is keen to feature contributors and voices from across the research, prevention and treatment sectors, as well as voices of communities who have experienced gambling harms. This will help provide the audience with the opportunity to hear more about the broad range of work and capacity building being delivered to help prevent gambling harms in Great Britain.

There are limited speaking opportunities available, however there will be some additional exhibition space available for a selection of bidders not chosen to present.

All submissions will be reviewed by a panel, including two external experts.

The deadline for submissions is 17<sup>th</sup> September 2021 and should be sent to: [events@gambleaware.org](mailto:events@gambleaware.org).

If you would like to submit an abstract (proposal), please complete the form below.

Please specify what type of presentation are you submitting for ( <b>oral or poster</b> )
